IT L'infinita bellezza di un'estate. Attraversiamo i colori come si attraversano i paesaggi: Luce, Iceberg, Bruno di Marte, Jap, Arborea, Rosa senzaspina, Mart, Eclissi, Blu nottestellata. Sono confini volatili di un viaggio che ha come destinazione il mondo intero. Le correnti artistiche sfilano davanti ai nostri occhi: è Romanticismo versus Espressionismo, inglobando tecniche che spaziano dall'acquerello al murales. Le forme sono anch'esse luoghi d'arte. Natura, capitelli, spazi sconfinati, steli che si muovono al vento, miraggi desertici, coraggiose simmetrie. E dentro a questo trascorrere, abbracciamo un'estate in cui l'infinita bellezza è tutto: serate, condivisioni, solitudini, notti stellate, temporali, amori, di nuovo il sole e ancora e sempre arte.

EN The Infinite Beauty of a Summer. We pass through colors as we pass through landscapes: Luce, Iceberg, Bruno di Marte, Jap, Arborea, Rosa senzaspina, Mart, Eclissi, Blu nottestellata. They are fleeting borders of a journey whose destination is the whole world. Artistic movements parade before our eyes: it's Romanticism versus Expressionism, embracing techniques that range from watercolor to mural painting. The forms themselves become places of art: nature, capitals, boundless spaces, stems swaying in the wind, desert mirages, bold symmetries. And within this unfolding, we embrace a summer in which infinite beauty is everything: evenings, moments shared, being alone, starry nights, storms, loves, the sun again - and always, endlessly, art.
